Wholesale Price List of GREEN PLANTS AND ROOTED CUTTINGS

Salem, N. J., March 10, 1933

~ ~ ~

GREEN PLANTS. Our plants are propagated from especially selected roots, free from stunt or disease. They are from base cuttings, grown under moderate heat, are strong and stocky and thoroughly hardened before shipment. On and after May 1st we can ship plants to any part of the United States and guarantee them to reach you in good growing condition. They should be planted about five to six inches deep, well watered and shaded for a day or two.

ROOTED CUTTINGS. Our cuttings are well rooted, and are the same as those used in growing our strong plants, and although we have shipped them very successfully in our especially constructed containers for a distance of 2,000 miles, we do not guarantee safe arrival. All shipments at purchaser's risk. Orders for the Pacific Coast can be sent successfully by air mail, purchaser paying postage charges. Cuttings should be potted in four-inch pots, well watered and gradually brought to the sun. Now ready.

TERMS. Cash with order.

GUARANTEE. We guarantee our stock to be true to name and as represented. Money refunded if otherwise.

References, Dun's, Bradstreet's, or any bank in the city of Salem.

Wholesale List

OUR 1933 INTRODUCTIONS

SONNY BOY

(Salem Dahlia Gardens)

Here is a monster old rose slightly tinged old gold informal decorative dahlia we predict will make a good showing this year. While we have never forced this dahlia for size, it grows 11x8 inches in the open field without irrigation or fertilizer. It is a hardy variety, insect resisting and makes a good bush of medium height; is a prolific bloomer; flower stems good.

A rooted cutting of Sonny Boy was sent to the Rainbow Dahlia Farms, Inglewood, California, the past season for trial. They report an ideal bush, insect proof, with six 11-inch and four 10-inch blooms out at the same time; blooms wonderful, a most attractive color.

Another was sent to Albert J. Thorne, 1302 King Street, W., Toronto, Canada. He reports that: "It is a little late for this climate but a good grower and makes a beautiful plant; blooms wonderful, 14½ inches across; predicts a good score for this dahlia during 1933."

If you desire a wonderful exhibition dahlia of enormous size, try Sonny Boy. Root, \$10.00; three for \$25.00.

PROSPERITY

(Salem Dahlia Gardens)

This large petaled dahlia we place in the cactus class. Color pink outer petals, creamy center, with a glistening sheen throughout the entire bloom. Bush growth about five feet. An artistic dahlia that can be grown over a foot across. Root, \$6.65; three for \$16.00.

CORAL BEAUTY

(Salem Dahlia Gardens)

This medium sized incurved cactus is coral pink with white center although some blooms shade to a solid coral. A very prolific bloomer and a good cut flower with long stems; will keep twice as long as any other variety we know of. Late in the season the center shows but this does not detract from its beautiful appearance. Root, \$5.00; three for \$12.50.

GOOD WILL

(American Dahlia Farms)

An immense straight cactus, shell pink shading to cream at center; blooms well formed, stems stiff. Another good one by the originators of American Legion. Root, \$6.65.
